Technical information

Safety area width	14.42 m
Safety area length	35 m
Width of structure	10.58 m
Length of structure	33.51 m
Height of structure	3.29 m
Max. fall height	2 m
Recommended age of children	4+
For simultaneous use by several children	10-20

Installation info

The product needs a safety surface

The unique AMAZON adventure trail is made of durable laminated timber and its posts of laminated timber decorated with different ornaments are joined together using the innovative mortise joint. The cross-section of the posts is 100mm x 236mm and the nets between them are made of extremely durable 16mm steel rope designed for climbing which is coated with polyester and features plastic joints. The climbing wall with climbing rocks is made of waterproof birch plywood. The product AM015 contains all elements in the AMAZON range. This creates a large, functional adventure trail, that offers children various climbing, balancing and crawling opportunities which helps develop their balance, coordination and dexterity. Horizontal and vertical climbing nets and rock climbing walls connect the different attractions. One 2m tall platform is equipped with a long tunnel slide. One Tarzan trail zipline, where kids can slide sitting down, adds adrenaline to the complex. The laminated and painted timber posts are concreted to the ground using hot-dipped galvanized metal fittings.
